

**DEPARTMENT OF THE AIR FORCE  
52D FIGHTER WING (USAFE)**

MEMORANDUM FOR 52 FW SQUADRONS AND TENANT UNITS

FROM: 52 FW/CC

SUBJECT: 52d Fighter Wing (52 FW) Environmental Commitment Statement

Reference: AFI 32-7001, 23 August 2019, *Environmental Management*

1. The mission of the 52 FW is to deliver agile airpower options to joint and allied commanders. In accordance with Air Force Instruction (AFI) 32-7001, *Environmental Management*, paragraph 2.24.3.1, the 52 FW recognizes its responsibility to pursue its mission in a sustainable manner, reduce pollution and avoid adverse environmental impacts.
2. Throughout the 52 FW, military and civilian employees will strive to:
  - a. Maintain an effective Environmental Management System and participate organizationally on the 52d FW environmental cross-functional team.
  - b. Be USAFE's most environmentally-friendly wing. Sustain mission operations and maintain compliance with Air Force, United States, and final governing standards – Germany requirements by continuously improving environmental processes.
  - c. Reduce pollution by taking actions to minimize or eliminate emissions to the environment and reduce waste.
  - d. Promote energy and water conservation and the sustainable use of resources.
  - e. Build environmental concerns into all guidance, programs and missions and encourage mission partners, stakeholders and housing residents to do the same.
  - f. Foster training and awareness through environmental education and community involvement.
3. This memorandum supersedes all previous memorandums, same subject.
