Information:

What is circuitous travel? Circuitous/indirect travel is PCS travel to, from or between OCONUS points over an indirect or circuitous route due to personal convenience and therefore all additional costs are at the traveler's personal expense, unless identified as official in the orders.

What are Leave in Conjunction with TDY (LICWO) procedures? Members requesting to take leave in conjunction with official TDY travel must contact the passenger travel office to obtain a LICWO Letter. The Pax Travel section will annotate the authorized route and maximum reimbursement amount on the LICWO Letter. All leisure travel will be self-procured by the member and will not be placed on the GTC.

How do I start IPCOT/COT Leave? Process must be initiated with MPF first. Once initiated send us the memorandum provided and we will annotate total cost. Unless wanting to self-procure, a flight reservation must be made and sent to MPF with the total cost memorandum. **These dates of leave and flight reservations should be firm dates.**
