I AM SEPARATING/RETIRING

Will you have logistical support?
(Individual logistic support as authorized in AE Reg 600-700)

STAYING IN GERMANY

****WITH LOGISTICAL SUPPORT****

- Valid DoD ID
 - USAREUR-AF License
 - SOFA Card with Spangdahlem Military Community Location/Passport/DD FM 1172 (applies to contractors)
 - MSF card (if applicable)
 - Registration (2 parts)
 - New proof of Logistical support letter
 - Retirement/separation orders
- **Your retirement/separation date must overlap or not exceed more than 1 day with the start date of your new job. If your start date is more than one day after your separation/retirement date, this means you do not have logistical support and will need to proceed to the instructions on no longer being logistically supported****

STAYING IN GERMANY

****WITHOUT LOGISTIC SUPPORT****

You cannot have a vehicle registered with us any longer if you do not have logistical support anymore. You will need to deregister your car and register it into the German system.

Required Documents:

- Valid DoD ID
- SOFA Card with Spangdahlem Military Community Location/Passport/DD FM 1172 (applies to contractors)
- Registration (2 parts)
- Plates

I DIDN'T FIND AN ANSWER TO MY QUESTION

MY PLATES WERE SEIZED/TAKEN BY SECURITY FORCES?

It is advised that in situations where plates are seized by security forces or the police, individuals will need to wait until Thursday to receive new plates. The reason for this delay is that the plates are collected by vehicle registration on that day. Until the new plates are in possession of vehicle registration, the transaction cannot be conducted. If your plates are at our location and have been turned in, you can proceed to queue in and bring the below items:

- Valid DoD ID
- USAREUR-AF License
- SOFA Card with Spangdahlem Military Community Location/Passport/DD FM 1172 (applies to contractors)
- PCS Orders (military and civilian) OR
- Proof of Logistical support letter (applies to local hires or as applicable) SF50 not valid
- NATO Members require – Yellow Privilege Card (Block 17 & 18 Authorized), Passport, GOV ID Card, NATO Orders
- Registration (2 parts)
- Credit card, Debit card, money order, or check.

First, we will register the vehicle as NON-OP (this is required due to the plates being seized/cancelled and is \$45)

Then we will re-register your vehicle, providing you temp tags if you have the additional items stated below:

- Blank Insurance Confirmation Card (ICC)
 - ❖ Please call your car insurance company and request a "**BLANK Insurance confirmation card**". Some U.S. companies can transmit this electronically into the USAREUR-AF database. It can take up to 24 hours to populate. If you have local German insurance, you **MUST** have an unused printed, hard-copy German Deckungskarte in your possession. Co-owners must be on the ICC.

****Once you receive your temps you will have up to 30 days to take your POV through inspections, then proceed to Bldg. 131 to get your new set of permanent plates***

MY INSURANCE IS SUSPENDED

If your insurance is in suspense you will need to call your insurance company and see what is wrong. Once the problem is resolved, you will need call your car insurance company and request an **"Insurance confirmation card (ICC) with your plate number attached to it"**.

Some U.S. insurance companies can transmit this electronically into the USAREUR-AF database and can take up to 24 hours to populate.

If you have a local German insurance, you MUST have an unused German Deckungskarte printed hard copy in your possession and bring it to bldg. 131, so we can update it before your insurance is canceled.

If you're showing as insurance cancelled and already pass the suspense date you will need to proceed to the below information:

MY INSURANCE IS CANCELED

Once your insurance company sends a cancelation notice to Sembach USAREUR HQ, they must cancel your registration IAW German law. After your registration is canceled, you will have to Non-op your vehicle.

[CLICK HERE FOR NON-OP INSTRUCTIONS](#)

I NEED TO UPDATE MY INSURANCE

If you are updating/changing insurance companies and they send an ICC to HQ Sembach, **your plate number must be attached to the ICC.**

If you have a local German insurance, you MUST have an unused German Deckungskarte printed hard copy in your possession and bring it to bldg. 131 so we can update it before your insurance is canceled.

[IF YOUR PLATES WERE SEIZED BY SECURITY FORCES](#) **[CLICK HERE](#)**

I GOT MY LICENSE REVOKED/SUSPENDED?

After suspension of 90 calendar days or more, or after revocation, the POV will be registered as nonoperational and license plates will be returned to the RMV for destruction unless an authorized spouse with a valid U.S. Forces Certificate of License is listed as a joint owner on the registration.

If you need to register the car as NON-OP because you lost your driving privilege for 90 days or more and do not have a spouse/joint owner with a valid USAREUR license, then please have the following:

- Valid DoD ID
- SOFA Card with Spangdahlem Military Community Location/Passport/DD FM 1172 (applies to contractors)
- PCS Orders (military and civilian) OR
- Proof of Logistical support letter (applies to local hires or as applicable) SF50 not valid
- NATO Members require – Yellow Privilege Card (Block 17 & 18 Authorized), Passport, GOV ID Card, NATO Orders
- Registration (2 parts)
- Plates
- Credit card, Debit card, money order, or check.

HOW DO I GET ADDITIONAL FUEL?

[CLICK HERE](#) for Additional Fuel Memo

FUEL-RATION AUTHORIZATIONS AND ALLOWANCES

Ration allowances are governed by international agreements and are based on motor sizes. The U.S. Forces Registry of Motor Vehicles is authorized to assign ration allowances during registration. Designated commanders and their representatives also assign ration allowances for nonregistered vehicles, recreational vehicles (RVs), equipment, and machinery.

SUPPLEMENTAL RATIONS

As an exception, individuals may be authorized supplemental tax- and duty-free motor-fuel rations for their registered or listed POVs. AE Form 600-17A will be used to request supplemental fuel rations. Requests may be approved by company or squadron commanders for military personnel and by equivalent-level civilian supervisors for civilian employees.

NOTE: German military personnel assigned to an IMH in Germany are not eligible to supplement their standard monthly ration.

a. Permanent (Annual) Supplemental-Ration Requests. For permanent (annual) supplemental-ration requests, individuals will send their approved AE Form 600-17A by e-mail to usarmy.sembach.usareur-af.mbx.rmv-css@army.mil or deliver it in person to the HQ USAREUR RMV Customer Service Center at Sembach Kaserne (bldg. 216, rm 126). Permanent (annual) supplemental rations may be approved based on the bona fide commuting distance between home and the workplace for a sponsor's specific vehicle. Approvals of permanent (annual) supplemental rations are valid for up to 1 year from the approval date. Sponsors must resubmit their permanent (annual) supplemental request each year, even if the vehicle registration is valid for 2 years. Approval for the renewal of a permanent (annual) supplemental ration will require another review of the commuting distance for the specific vehicle.

b. Temporary Supplemental-Ration Requests. Temporary supplemental-ration requests (AE Form 600-17A) must be sent to the RMV. The RMV will process approved supplemental-ration requests for use from the approved vehicle's fuel-ration account for the remainder of the current month. The amount of supplemental rations will not exceed 1 month's basic ration.

WHAT ARE THE STEPS FOR SUSPENSE CLEARANCE?

When you purchase a brand-new vehicle, you are given the option to receive permanent plates right away without an inspection. With this you will have to turn one or all the documents listed on the form AEF 190-1AJ.

This suspense clearance form is given to you when you register the vehicle.

You will have 60 days to email the required documents to our org box:
52sfs.s5.vehicleregistration@us.af.mil

CLICK HERE to view AEF 190-1AJ

HOW DO I GET A HANDICAP CARD?

The handicap-parking card will be valid for use only on U.S. military installations and facilities in the Spangdahlem area of responsibility, and only for the eligibility dates indicated on the card. Permanent handicap-parking cards can be valid up to a maximum of 4 years from the date of issue. **Using the handicap-parking cards off military installations in Europe is not authorized.** Individuals desiring handicap-parking cards for use on the local German economy must request those through the German local city halls (Rathäuser)

A handicap-parking card may be displayed when authorized by appropriate officials. If approved, the handicap-parking card must be hung on the rearview mirror with the silhouette of the handicap symbol facing forward.

Once the RMV receives the approved [AE Form 190-1AW](#) (signed by a local German doctor or a doctor assigned to a facility under the Regional Health Command Europe (RHC-E)) and two passport-sized pictures of the applicant, the official handicap-parking card is produced and returned to the local FRS.

Upon submission of their application paperwork, applicants will receive a temporary handicap-parking card from their local vehicle registration office. The temporary card will be used only while the RMV processes the official permit and must be returned.

The FRS in which an applicant submitted his or her application will contact the applicant once the official handicap-parking permit is available for pickup at his or her location. Applicants must pick up their official permit **WITHIN 5 WORKING DAYS** after notification and turn in their temporary card.

A service fee of \$5 will be charged for the initial issue of the handicap-parking card and for replacement cards if a card is lost or mutilated.

To renew a handicap-parking card, the individual will provide a new and approved [AE Form 190-1AW](#), two passport-sized photos, and the current service fee.

WHAT DO I NEED TO TELL MY INSURANCE WHEN SENDING/UPDATING AN INSURANCE CARD?

Call your car insurance company and request a "BLANK Insurance confirmation card". Some U.S. insurance companies can transmit this electronically into the USAREUR-AF database and it can take up to 24 hours to populate.

WE WILL NOT ACCEPT A SCREENSHOT FROM YOUR PHONE OR HARD-COPY

If you have a local German insurance, you **MUST** have an unused printed hard-copy German Deckungskarte in your possession.

When adding insurance onto your vehicle and having them send over the blank card you will need to verify the following:

- Name is spelled correctly (matches the name on your DoD ID)
- Social is correct
- Make/Model/Year of the vehicle is accurate
- For European Vehicles, the Vehicle year must match the first year of registration!
- There are no special characters in the chassis number/VIN
- Chassis number must be correct and can **ONLY** contain numbers and letters
- If there is a Co-Owner on the vehicle (i.e., mother/father/etc. ***this does not apply to spouses***) they will need to be on the insurance card

IF YOU ALREADY HAVE A CAR IN OUR SYSTEM AND YOU WANT TO CHANGE YOUR CURRENT INSURANCE COMPANY YOU WILL DO THE ABOVE INSTRUCTIONS ALONG WITH THE FOLLOWING:

APPLIES TO US INSURANCE COMPANIES

Ensure you tell your new policy holder to send in an insurance card with your plate/registration number attached so it can be updated correctly, failure of the plate being attached to the new insurance card will result in insurance cancellation, canceling your registration all together.

APPLIES TO ANY LOCAL GERMAN INSURANCE COMPANIES

Ensure you tell your new policy holder to give you a new insurance card (German Deckungskarte) with your plate/registration number attached and bring it in and we can update your new policy holder for you so it can be updated correctly, failure of the plate being attached to the new insurance card will result in insurance cancellation, canceling your registration all together.

I AM GETTING DEPLOYED, WHAT DO I NEED TO DO?

Military and civilian personnel deployed to designated hostile-fire areas or on operational deployments may place their POVs in Government-approved storage and have their POV registrations suspended for the period of deployment.

Before a team deploys UDMs or First Sergeants can prepare the Deployed Registration suspension memorandum with the information of all the members that are deploying.

Once the memorandum is completed it will need to be routed to the Unit Commander for them to sign and sent to Sembach. Once Sembach has received all required documents shown on the guidance letter, they will suspend (pause) all the registrations of deployed members. Once members return from deployment, they must come in and a new registration will be given with the time not used added to the registration.

During the time the vehicle is in suspense, it cannot be driven and must be under lock and key and monitored by the unit.

Sembach's Email: usarmy.sembach.usareur-af.mbx.rmv-css@army.mil

Deployed stored vehicle guidance for unit and MFR sample **[CLICK HERE](#)**

Deployed U.S. Forces personnel (verified with deployment orders or a memorandum from the rear detachment commander confirming deployment) may add a non-Family member as an additional driver to their vehicle registration for the purpose of vehicle care using a special POA.

POVs that will be driven while the owner is deployed must continue to be registered (renewed), insured, and inspected when required. The non-Family member added as an additional driver must be a member of the U.S. Forces or the civilian component with full individual logistic support and must be removed from the registration once the owner returns from deployment. This transaction can incur a fee.
