SPANGDAHLEM AIR BASE, GERMANY**

18 May 2026

MEMORANDUM FOR 52 FW SQUADRONS AND TENANT UNITS

FROM: 52 FW/CC

SUBJECT: 52 FW Environmental Commitment Statement

References: (a) DAFI 32-7001, 8 January 2025, *Environmental Management*  
(b) DAFI 90-801, 9 May 2024, *Environmental, Safety, and Occupational Health Councils*

1. In accordance with DAFI 32-7001, 8 January 2025, *Environmental Management*, paragraph 3.1.2., the 52 FW recognizes its responsibility to pursue its mission in a sustainable manner, preventing pollution and avoiding adverse environmental impacts.
2. Throughout the 52 FW, military and civilian employees will strive to:
  - a. Integrate Environmental Management System (EMS) requirements into all programs and Missions and participate organizationally in the Environmental Cross-Functional Team (CFT).
  - b. Maintain compliance with applicable international laws and agreements, U.S. laws and regulations, including the DoD Final Governing Standards-Germany (FGS-G), and relevant policies, while also addressing regional and local environmental considerations through the continuous improvement process of the Environmental Management System (EMS).
  - c. Minimize and manage EMS significant environmental risks at Spangdahlem Air Base, including POL/Fuel/Storage Tanks and Water Quality.
3. The point of contact for this matter is 52 CES/CEIE (Environmental), at DSN 452-7257 or by email at 52ces.ceie@us.af.mil. This memorandum supersedes all previous memoranda.

WILLIAM D. LUTMER, Colonel, USAF  
Commander
