

**DEPARTMENT OF THE AIR FORCE
52D FIGHTER WING (USAFE)**

MEMORANDUM FOR 52 FW SQUADRONS AND TENANT UNITS

FROM: 52 FW/CC

SUBJECT: 52d Fighter Wing (52 FW) Environmental Commitment Statement

Reference: AFI 32-7001, 23 August 2019, *Environmental Management*

1. The mission of the 52 FW is to be postured and primed to deter, defend and dominate across the competition continuum. In accordance with Air Force Instruction (AFI) 32-7001, *Environmental Management*, paragraph 2.24.3.1, the 52 FW recognizes its responsibility to pursue its mission in a sustainable manner, reduce pollution and avoid adverse environmental impacts.
2. Throughout the 52 FW, military and civilian employees will strive to:
 - a. Maintain an effective Environmental Management System (EMS) and participate organizationally on the 52d FW environmental cross-functional team (CFT).
 - b. Be USAFE's most environmentally friendly wing. Sustain mission operations and maintain compliance with Air Force, United States and Final Governing Standards – Germany (FGS-G) requirements by continuously improving environmental processes.
 - c. Reduce pollution by taking actions to minimize or eliminate emissions to the environment and reduce waste.
 - d. Promote energy and water conservation and the sustainable use of resources.
 - e. Build environmental concerns into all guidance, programs and missions and encourage mission partners, stakeholders and housing residents to do the same.
 - f. Foster training and awareness through environmental education and community involvement.
3. My point of contact for this matter is 52 CES/CEIE (Environmental), at DSN 452-7257 or by e-mail at 52ces.ceie@us.af.mil. This memorandum supersedes all previous memorandums.
